Need volunteers for the member/guest, Howard suggested putting together a committee and assigning jobs for the member/guest. Food was better, suggested that we have less of a dinner and more appetizers etc.

Discussed that Club Championship be given assigned tee times for each round, however, discussion was that Paul/management would not be able to accommodate.

Discussed that we have rangers at the member/guest and other tournaments to speed up play, or have women's club members or others not playing in that particular event, volunteer to help spot balls etc.

Voted to give extra golf shirts to SF staff who help us out.

Discussed general practice of vetting handicaps, Bill Lombardo suggested past practice of spot checks to make sure people actually played and scores match the computer. Marc and Drew will continue to do so.

Voted in new member, Bob Morris. Bob used to be a member of the green's committee at his old club, and suggested maybe we look into having a green's committee.
